

Your loved one may not sense the danger of fire and will not react quickly enough if a fire occurs. For the safety of the person with memory loss and the caregiver, it's important to have smoke detectors and fire extinguishers throughout the home.

6. Fire Safety

STOVE-TOP FIRE FIGHTER

by The Alzheimer's Store
\$45–\$50

Do you worry about a loved one going into the kitchen and leaving a pan on the hot stove? Simply attach this ingenious device to the metal exhaust fan over your stove and rest assured. If ever there is a fire on the burners below, the Stove Top Fire Fighter will sense the fire and put it out.

Product Features:

- Size: 3-1/2 inch (diameter) x 2-1/8 inch
- Includes magnet for attachment to metal exhaust fan over the stove
- One unit protects two burners
- Each order includes two Stove Top Fire Fighters

(This is not a substitute for a smoke or fire detector).

Sold exclusively at The Alzheimer's Store.

SMOKE ALARMS

Basic 9-V Smoke Detector by Kidde **\$5–\$7**

Smoke detectors are particularly necessary in areas where disabled individuals would need assistance in escaping from fire. This detector is ideal for the bedroom or kitchen. It features

- Low battery indication
- 9 volt battery included
- 3-year limited warranty

Available at Lowe's and other stores.

Premium Smoke Detector **with Hush Feature** by Kidde **\$11–\$13**

This smoke detector offers a hush button that silences nuisance alarms. The test button verifies battery and alarm operation. The detector has a 5-year limited warranty.

Available at Lowe's and other stores.

FIRE EXTINGUISHERS

Kitchen/Garage Fire Extinguisher

by Kidde
\$10–\$12

This extinguisher offers:

- 2 lbs. of agent
